

CREATIVE BATCH 2021

We first started our journey with the Creative Batch project in turbulent times during the 2020 pandemic-driven prohibition, where v1.0 was born. As with all mediums of expression, such as writing, we believe the first draft is the most important. It requires you to tap into your intuition and create with your heart. From there, it's all about the art of revision.

The 2021 Creative Batch (v2.0) is a blend of Chenin Blanc, Fernao Pires, Roussanne, Verdelho and Viognier, all treated differently to honour each variety's individual potential as a wine. Once all the parts finished their different fermentations, they were blended together and allowed to mature on the gross lees for 9 months prior to being bottled.

This wine was only intended for a single vintage, but is back by popular demand and the 2021 has legs. It is bright and lively with concentrated fruit and a pithy finish that demands another dip. True to the vintage; it is notably fresher than the 2020 and will easily outlive its predecessor! The first aromas to leap from the glass are intensely citrusy and give way to delicacies of ginger and clove. The palate is waxy yet grippy with a leesy weight and incredibly fine tannins that perfectly poise a tangy, tropical finish.

The PAS DE NOM CREATIVE BATCH is an atypical character that was born during unconventional times. It is an all-encompassing package containing the works of many growers from all corners of our industry. Hence the closure reading “#SAVESAWINE”, a campaign created in support and aid of the livelihoods dependent on our South African wine industry.
